## Letter from Kinesis CEO, Shawn Busse:

“ A Strategist at Kinesis is a marketing leader – they understand marketing in a holistic way and know how to leverage tools and experts to accomplish strategic goals.

A client-facing role, the Strategist helps Kinesis customers realize business growth through strategic planning and marketing execution. We're looking for candidates with experience equivalent to an in-house Senior Marketing Manager (or above), or an agency Account Manager (or Director). The ideal candidate has worked both in-house (managing agency resources) and at an agency.

Right-fit employees for this role will have a deep understanding of marketing and how it fits within a larger business strategy. Your compelling, analytical approach makes it easy for clients to move forward in an informed, inspired direction. Motivating clients and fellow team members comes naturally to you – your leadership excites people to rally around your ideas and deliver great work.

For this position, I'm most interested in a candidate who has a track record of productive team work, starts with “why” rather than “what,” enjoys getting their hands dirty with strategy, and possesses a drive for continuous learning. You know how to ask the right questions, can bring big ideas to the table, and can elevate a brand beyond the everyday.

At Kinesis, you'll experience a once-in-a-lifetime chance to make a real difference in the lives of business owners and the Kinesis team. No bureaucracy, no politics; just great clients with big visions!

Kinesis' core clients have annual gross revenues between \$2MM and \$30MM in revenue. This means businesses with a well-developed product or service offering, but often very little in the way of marketing infrastructure. As a Strategist for our clients, you will cultivate ideas and deliver strategic projects to help build a marketing system that promotes healthy, sustainable growth.

For the “A” player looking for something special and who can answer “yes” to the following questions, this is the opportunity for you:

- Do you believe in the power of small businesses?
- Can you effectively build plans and strategies that will thrive within real-world budgets?
- Can you lead efficient and collaborative meetings with clients and internal teams?
- Do you have a strong knowledge and understanding of marketing and sales strategies as well as business consulting?
- Are you a high performer who takes ownership of your results with clients, financials, and fellow team members?
- Can you contribute to/operate in an environment oriented to trust, open communication, creative thinking, and cohesive team effort?
- Do you enjoy a collaborative environment where you contribute top-notch ideas?
- Do you have clear, concise, and effective writing skills with a high level of accuracy?
- Are you looking to work at a growing firm that's unlike any other?

## Our Mission is Transformation

For almost 20 years, Kinesis has subscribed to the same big idea – we're committed to transformation in everything we do. What do we mean by that?

Kinesis is the rare company that believes personal growth, new ideas, and ongoing career development are what makes for a thriving organization. We invest in this philosophy by recruiting employees who flourish in a dynamic environment and also by only engaging with right-fit clients that support a growth mind-set. We're picky about who we work with because we know great clients make for happy employees.

## Our Clients

We work with a broad array of clients for one very deliberate reason: diversity brings fresh perspective. Most all of our clients are in the B2B space, but are doing things far from ordinary. They believe in empowered employees, breaking the status quo, and building the next Big Thing.

## Live the Kinesis Values

Our team is fueled by a set of core values. They are a living, breathing part of our internal culture, and empower every decision and action:

### Think Big:

Our team approaches every project with the question, “What if?” Our clients look to us for guidance in standing out in their industry, growing their business, and being downright remarkable.

### Build to Last:

Trends are for other agencies. We build solutions for our clients’ businesses that stand the test of time. Our team prides itself on our attention to detail and emphasis on long-term success.

### Do the Right Thing:

At the end of the day, it all boils down to integrity. Make a mistake? Own it and solve it. Realize there’s a better way? Change it. Above all, be honest, upfront, and transparent.

### Share the Good:

The Kinesis office fosters collaboration and the constant exchange of ideas. We continuously share successes and best practices with our clients, our coworkers, and the community around us.

## Key Outcomes: A Thriving Team, Remarkable Work, and Financial Resilience

There's a big ol' list of tactical requirements for your role at Kinesis (see "Qualifications" below), but what matters most is this: Strategists are key producers and contributors to the health of our company. You'll accomplish this in three key areas:

**A Thriving Team:** You are individually motivated, but never lose sight of the fact that we win as a team. In everything you do, you are aware of how the quality of your work and the energy you bring to each collaboration impacts others. When your team members shine, you shine. Success means you elevate, inspire, and support everyone around you. At the same time, you welcome candid feedback because you know it's meant to elevate *you*. This behavior is one of our KPIs, not just a nice-to-have.

**Remarkable Work:** You continuously raise the bar in your work. More than meeting requirements, you always push for work that inspires our clients and our team. Our reputation as a company that delivers truly transformational work directly impacts our bottom line and our longevity. It's what attracts future A players and retains right-fit clients. In your role as Strategist, you have the power to infuse remarkability into every project – use it!

**Financial Resilience:** As you lead or contribute to projects, you are resourceful with your time and strategic in delivering the most value within the available budget. You analyze processes and tools – always on the lookout for opportunities to streamline, or to leverage them in new ways. Through these behaviors, you demonstrate an ownership mindset. Strengthening Kinesis' financial health means we have more room to expand how we give back to our employees and our community.
